

DTN DASHBOARD

Challenge -
Build a Network
Monitoring and
Management
Interface (or
“dashboard”) for
non-technical
users of DTN
networks

Challenge Budget
\$36,480

Challenge Award
\$18,600

DTN Team
impressed by
the speed and
quality of the
development

Results

- Defined user interface for DTN network management
- Provided a scalable, clean interface to manage dynamic networks of potentially hundreds of nodes
